Assistant Principal

February 28, 2017

Dear Parent/Guardians,

At Wattsburg Area Middle School, we are always reviewing procedures for the safety of the students who attend the middle school. With that in mind, we would like to review the procedures for the parking lot: (For clarification, please review the map of the parking lot on the back of this letter.)

- Lane 1 – This lane is for emergency vehicles and school busses only. Personal vehicles are restricted from this lane. There are no curbside drop-offs at the middle school.
- Vehicles parked in the first row of parking must back out of those spaces into lane 2 and follow the arrows to exit the parking lot.
- Lane 2 – This lane is used for student drop-offs at the designated area. Please do not drop off your student until you get to the area marked on the map. This is for your student's own safety as they are exiting the vehicle in a safer area with a designated crosswalk into the building.
- Please do not cut through parking spaces as you enter and leave the parking lot.
- Also as a reminder, the speed limit on campus is 15 mph.

The students at Wattsburg Area Middle School thank you for your cooperation!

If you should have any questions, please contact the office at 824-4153.

Sincerely,

Christopher L. Paris
Principal
Wattsburg Area Middle School
