

# SUPERINTENDENT ANNUAL EVALUATION

Pursuant to Act 141 of the Pennsylvania School Code enacted in 2012, school boards are required to disclose the objectives and performance standards on which the Superintendent is evaluated annually. School districts are also required to make public whether or not the standards were met by the Superintendent. This report fulfills both mandates.

# Annual Evaluation of the Superintendent

---

The evaluation committee of the school board utilizes the below assessment measures as a basis for summarizing the superintendent's performance in the areas of Student Growth and Achievement; Organizational Leadership; District Operations and Financial Management; Communication and Community Relations; Human Resource Management; and Professionalism.

---

<b>Distinguished</b>	Performance is clearly outstanding  Performance is superior, far exceeding expectations  Performance is exceptional on a regular or continuous basis – the superintendent far outperforms relative to minimum expectations
<b>Proficient</b>	Adequately performs all functions within the role, meeting or occasionally exceeding expectations  Performance is adequate, meeting or occasionally exceeding standards or expectations generally associated with performance
<b>Needs Improvement</b>	Periodically fails to meet expectations associated with assigned tasks, targeted goals, or professional competencies  Performance is less than adequate on a periodic or frequent basis – the superintendent may be developing within the position, but needs to improve to be considered proficient
<b>Failing</b>	Performance is below acceptable levels  Fails to meet most expectations associated with the role of superintendent – substantial professional improvement is needed before the superintendent can be considered proficient in the role

The Superintendent is evaluated on each of the six Objective Performance Standards. In addition, the board and the superintendent set annual goals based upon mutually agreeable priorities. These goals are discussed at the beginning of the evaluation cycle as they relate to each Objective Performance Standard. From this process the board establishes Key Performance Indicators that are representative of the collective expectations of the Board.
