- \$80,000 - \$10,0000 to replace with similar building of larger size (pole building)
- \$180,000 - \$200,000 for masonry structure with shingle roof (metal is an option for additional cost)

The board then discussed these options along with those previously provided by Smart Edge. The board decided to direct Chris Coughlin's architectural firm to develop plans and bid specifications for a pole barn structure with a metal roof.
