

October 11, 2021 6:00 PM

Athletic Committee Meeting

Present: Mrs. Pound, Mr. Matson, Mr. Pushchak, Mr. Paris, Dr. Pushchak, Mr. Bloeser, Mr. Morvay, Mrs. Lee, Mr. Berlin, Mrs. Bendig, Mrs. Kelley, Mr. Carter, Mrs. Farrell via phone

Vicki Bendig, Business Manager, presented information regarding the monies collected for the activity fee for extra curriculars and the percentage this represented of the total program cost. Given the small percentage, less than 2% of the total cost to run the programs, administration would like to see the activity fee eliminated and the monies left in the hands of the parents to use towards supplies as they see fit. After a brief discussion, the Board agreed to add a motion to the October 18th School Board agenda eliminating the activity fee beginning with the 2022-2023 school year.

The Board took a short recess and resumed shortly after 6:30.

The next item of discussion was girls' varsity wrestling. Coaches from the current wrestling club team informed the Board that in 5th through 12th grade the club team currently has 15 girls wrestling on the club team. The coaches also relayed to the Board that each year the number of female participants is increasing. After a brief discussion, the Board agreed to add a motion to the October 18th School Board agenda sanctioning a female wrestling team at the high school level.
