

Wattsburg Area School District
Participation Waiver for Communicable Diseases Including COVID-19

The COVID-19 pandemic has presented schools with a myriad of challenges. The COVID-19 virus is a highly contagious illness that primarily attacks the upper respiratory system. The virus that causes COVID-19 can infect people of all ages. Research from the Centers for Disease Control, among others, has found that while children do get infected by COVID-19, relatively few children with COVID-19 are hospitalized. However, some severe outcomes have been reported in children, and a child with a mild or even asymptomatic case of COVID-19 can spread the infection to others who may be far more vulnerable. While it is not possible to eliminate all risk of furthering the spread of COVID-19, the current science suggests there are many steps schools can take to reduce the risks to students, coaches, advisors, and their families.

The WASD will take the necessary precautions and recommendations from the federal, state, and local governments, CDC, PA DOH, as well as the NFHS and PIAA. The WASD realizes the knowledge regarding COVID-19 is constantly changing as new information and treatments become available. These recommendations will be adjusted as needed as new information becomes available in order to decrease the risk of exposure for our staff, students, and spectators.

These Recommendations include but may not be limited to:

1. Athletes, Coaches, Staff, and Participants will undergo a COVID-19 health screening prior to any practice, event, or team meeting. will be dependent upon the available resources and Phase level. The purpose is to check for signs and symptoms of COVID-19. It will include a questionnaire will be administered as needed.
